

CAPABILITY STATEMENT

CAGE: 971A4 | UEI: DDDFN45PQC73

Exit Essentials offers a comprehensive fire and life safety application tailored to support NFPA, OSHA, Life Safety Code, and Insurance Provider inspection requirements. Our service includes monthly notifications, detailed PDF documentation, and valuable tips to help customers stay compliant and prepared for inspections. This streamlined solution simplifies the compliance process and ensures that businesses remain in alignment with safety standards and regulations.

Past Performance

Exit Essentials has proven experience in the commercial and public sectors:

- US ARMY
- US AIR FORCE
- DOJ
- EOP

Sample Projects:

Hospitals: Ensuring emergency exit routes and lighting are compliant with safety codes.

Schools: Regular inspections and maintenance of fire extinguishers and emergency lights.

County Buildings: Compliance with state and federal safety regulations for all emergency exits.

Commercial Facilities: Monthly inspections and documentation for fire safety equipment.

Data Centers: Ensuring backup power systems and emergency exits meet all safety standards.
